**FY 2017 BUDGET MESSAGE AND GENERAL BUDGET SUMMARY, pursuant to 67.010RSMo**

The housing market continues to improve: in Calendar 2015, the City issued 68 Single Family housing permits (\$13.9 Million)—the most issued in a single year since 2007. With the Centerville Cottages \$4.8 million project constructing 48 apartments, the total number of permitted housing units was 116—the most since our record year set in 2005 (149S/20M units) 21 Commercial building permits valued at \$8.3 million. Real estate professionals report the lowest inventory of homes, both new and pre-owned, at the lowest levels they have seen. Kearney is growing again at pre-recessionary rates. Developers are submitting new plats, and planning new residential projects. The budget aids the City's ability to accommodate growth, while better addressing the needs of our current population.

Construction continues on Watson Drive and West 19<sup>th</sup> Street Improvements, which include a 36' wide roadway, able to accommodate three lanes, from Shoppes at Kearney south to 19<sup>th</sup> Street, and on 19<sup>th</sup> Street to Greenfield Drive. The project is just over 50% complete, with the 19<sup>th</sup> Street roadway improvements yet to be completed. The improvement also includes a continuous sidewalk from 33 Highway and 19<sup>th</sup> Street to the Shoppes, 12" water main construction and street lights. This balance of this project, \$2.5 million, is budgeted in Fund 29, and is anticipated to be completed by July, 2016.

The Master Plan planning process, updating the City's 2004 Master plan, also continues in this budget, with funding carryover of \$35,000 in Fund 065, Wireless Capital Improv Fund, and \$10,000 in the General Fund Community Development Budget.

This Budget includes funding for an engineering study of the sewer plant head works capacity and grit and non-biodegradable solids removal systems (screens and filters). This is the next bottleneck identified at the wastewater treatment facility.

The Southview Sidewalk project is anticipated to be let for bid and construction in this budget. Funding is appropriated in the Highway Construction Fund 028, along with a \$117,000 MoDOT Grant, with \$50,000 being budget for additional sidewalk repair in Blue Sky Gardens. Also \$50,000 is identified in the Street Maintenance budget to overlay the 19<sup>th</sup> Street Trail, from Hawthorne to the High School.

The Street was able to purchase a used medium duty dump truck that can be equipped with a new, 12 foot plow and new aluminum spreader box, estimated total cost \$35,000.

A new street patching/crack filling machine is also proposed for acquisition in this budget--\$72,500 has been budget for this equipment—Clay County highway purchased this machine last year, which has many more features than our current Craftco melter/distributor.

In the Wireless Capital Improvements Fund 065, a 10 year L/P Financing is proposed to generate \$425,000 in funding for \$175,000 to create a training room in the Police Station basement, and \$250,000 for renovation costs at the Reed Museum, 103 East Washington Street building—this requires an annual transfer from the General Fund to the Wireless Capital Improvement fund of \$17,500.

A new Water Accounts Clerk position is created with this budget in the Water and Sewer Revenue Fund—a 2<sup>nd</sup> clerk has long been needed to separate accounting functions and simply to unburden our workhorse, Shirley Zimmerman.

Also, this budget provides funding for a new citizens report and work order system (\$8,500) that is internet web based, which will help use better track responsibilities for completion of work orders and improve our reports to the Board. In addition, this budget would fund e-mail upgrades to move to Google Mail (\$8,200), which will resolve our issues with archiving and retrieving e-mail. Costs are shared across departments.

This budget proposes a 3% Salary raise for employees (2% for Positions with >\$55,000 Starting Salary), and step increases to those eligible.

Dispatch Service \$20,004 (Clay County Sherriff)\*

\*Currently there is an effort to consolidate dispatching services by the Cities within the Clay County. The City of Kearney and the Kearney Fire and Recue Protection District have participated financially in a study recently completed. Clay County is also actively participating in the consolidation effort, though no formal decisions have been made. Kearney has enjoyed excellent dispatching services at a very nominal expense. With Kearney situated in the heart of northern Clay County our relationship with the County Sheriff's patrol has been vital, and it is recommended to continue to follow Clay County's lead—if Clay County joins, then Kearney joins, if Clay County does not join, Kearney would want to remain with Clay County.

**Fd 013 Sales Tax Fund Budget**  
**Line Items on Page 37**

As stated on Page 3, 3% increase over fy2016 actual collections in General Sales Tax has been calculated for Fy2017.

This fund is used to separately account for sales tax revenues. Revenue is projected at a \$1,370,000 estimated interest earnings of \$1,000.

Shoppes TIF Economic Activity Taxes (EATS) are budgeted for retail businesses locating within the Shoppes at Kearney Tax Increment Financing District at 50% of revenue (Price Chopper has a protected retail sales base of \$15,000,000 to account for existing sales tax revenues prior to its relocation to Shoppes at Kearney in Oct, 2014.)

The balance of Sales Tax Revenue is transferred to the **General Fund**:

2015 Street G.O. Bond Debt Transfer	\$ 75,600.

**Fd 014 Park Capital Improvements Fund**  
**Line Items on Page 38**

This fund was created by Ordinance No. 621-93, providing for dedication of park lands by developers. The Ordinance provides for a payment of a fee in lieu of land dedication. Ordinance No. 896-2002 increased those fees to \$325. Per Housing Unit.

The Board waived this fee from FY2011 to FY2015, as an economic development incentive. With the FY2016 budget, funding was restored.

Assuming the total building fee for a single family dwelling remain at \$2000 the duration of Fy2017:

**\$325 Park Fee X 50 Estimated Permits = \$16,250**

\$1,500 Sewer Connection Fee X 50 Estimated Permits = \$75,000

\$175 GenFd Building Permit Fee X 50 Estimated Permits = \$ 8,750

\$2,000 Building Permit Total Fee

\$16,250 from building permits fees has been estimated for Fy2017.

Funds are restricted to be used only for the purchase, development, and improvement of neighborhood park and recreational facilities determined by the Board of Aldermen as being reasonably accessible to the residents of such subdivisions.

**AMPHITHEATER PROJECT** Such a determination was authorized by the Board of Aldermen with the adoption of Ordinance No. 1057-2006 on 11/6/2006 to a portion of future revenues to debt retirement in order to generate \$350,000 for the Amphitheater project. The 2006 Amphitheater Lease/Purchases Agreement shared equally with KCB Bank and the Kearney Trust Company will be retired on 10/01/2019 in FY2020.

The City has owned and maintained Fairview Cemetery, a 6.5 acre cemetery located at 501 North Grove Street since its original plat was recorded on March 9, 1887, being signed by Mayor James A. Henderson.

Lot fees are \$515 for grave spaces. (Ordinance No. 825-2000).

\$5,000 generated from Lot Sales is budgeted to build the Fund Balance, as this Fund is intended to be a perpetual maintenance fund-for Fairview. Currently, the fund generates less than \$1,000 per year, so this should be viewed as a long term goal, at best. (Cemetery Maintenance Expense of \$12,000 is provided in the City Hall budget--Page 2)

The balance of this fund is \$196,737 as of 12/31/15.

The Board also approved Resolution 28-2010, contracting with the Knights of Columbus and the Jesse James Festival, Inc. to fund annual payments of \$12,000 to retire the debt on the lease/purchase—those proceeds are expected to come from a sponsorship agreement with North Kansas City Beverage Company. However, if Corporate Sponsorship cannot be maintained throughout the term of the lease, all parties agree they will be financially obligated to pay the following sums on an annual basis: Knights \$2,500, Festival \$5,000, City \$4,500.

**Fd 018 Transportation Sales Tax Fund Budget**  
**Line Items on Page 41-42**

In FY2015, the Street Department was moved to the Transportation Fund. Previously, Transportation Sales Tax Funds were transferred to the General Fund as a reimbursement for transportation related expenses budgeted in the Street Department. Also in FY2015, revenues from the Road and Bridge Tax, and Gas & Motor Vehicle Sales Taxes with have similar spending limitations, were moved to this Fund.

The Transportation Sales Tax Fund was created in 1987, by voter approval, to replace Sales Tax dollars used to retire debt on a new sewer plant, and later expanded in 1989 and 1996 to also replace Sales Tax dollars being used to subsidize annual debt payments on water system improvements. In 2001, Voters approved Bonds for the 33 Highway widening project, also using the Sales Tax to subsidize debt for the project—financing for the General Obligation Bond issue assumed this sales tax would continue to free up Sales Tax dollars.

Transportation Sales Tax Funds are restricted to be expended for transportation purposes as defined in the Statutes as: “transportation purposes”, financial support of a public mass transportation system including, but not limited to, the development and operation of bus, para-transit, and fixed-rail and light-rail transit systems; the construction, reconstruction, repair and maintenance of streets, roads and bridges within a municipality; the construction, reconstruction, repair and maintenance of airports owned and operated by municipalities; the acquisition of lands and rights-of-way for streets, roads, bridges and airports; and planning and feasibility studies for streets, roads, bridges, and airport”

Road and Bridge Taxes, and the Gas and Vehicle Sales taxes are governed by the Missouri Constitution, which limits the expenditure of such funds as provided in Section 30(b) 1. Constitutional provision 30(a)1.(3) 3. appears to summarize 30(b) when addressing local sales taxes imposed on fuel as restricting...“All funds collected shall be used solely for the construction, reconstruction, maintenance, repair, policing, signing, lighting, and cleaning roads and streets.”

Sludge Handling and Treatment Chemicals have been increased to meet the volume of solids being removed by the new rotary sludge press. With the operation of the new clarifiers, the sludge captured and removed during the treatment process greatly expanded.

The rotary sludge press was a great addition to help dewater sludge to reduce the volume of material needing to be hauled from the plant. Our projections on amounts were far below the actual amounts we are handling—this has been a learning experience, and our plant operators have performed admirably in reacting and responding to the rapid changes at the plant. Although we are spending far more on sludge handling than anticipated, the sewer plant’s effluent has greatly improved—which is the ultimate goal of the facility.

We are delighted the plant operators have put together an efficient and effective sludge management plan that assures excellent treatment in the short term. However, as the community grows, additional investment in the sewer plant facility must continue—we have been able to secure a MoDNR grant to study the headworks structure—our next identified bottleneck in the treatment process. Expansion of the headworks and implementation of an improved grit and non biodegradable solids removal should be planned based on the recommendations of this engineering study.

Ultimately, new treatment basins should be planned, though this may not be required for a number of years.

**Line Items on Page 47**

This fund accounts for handling of the \$75 residential and commercial meter deposits..

With the implementation of new water billing software, the accounting procedures will change, showing Meter Deposits as a Liability rather than an Asset. Because Meter Deposit money is not truly a revenue which the City has discretion over spending, but an obligation of the City to hold and return to Customers.

Therefore, Meter Deposit receipts are booked as an increase in Meter Deposit liability and refunds become a reduction in Liability. Interest earnings should be credited directly into Water and Sewer Revenue Fund, or transferred to Water and Sewer Revenue Fund.

Cash Balance of the Meter Deposit Fund was \$204,430.80. on 1/31/2016.

	<b>Principal</b>	<b>Interest</b>	<b>Fees</b>	<b>TOTAL</b>
2004 SRF Sewer Refunding Bds	55,000	1,409	850	57,259.

This fund finances debt on 1997 sewer capital improvements which increased the plant capacity by 50% through the issuance of the \$700,000 balance in General Obligation Bonds approved by voters in 1987.

The bonds were issued through the SRF (State Revolving Loan) Program to obtain subsidized interest financing (Effective Interest Cost: 2.084201%). This was the 2<sup>nd</sup> SRF loan the secured for the community and is an excellent low interest financing for sewer system improvements. In 2004, the MoDNR conducted a partial refunding of the 1997 SRF, which shortened the final maturity date by one full year and produced a net value savings of \$4,500 over the life of the bond issue. The issue will retire 1/1/2017 (FY2017).

Revenue Source for this fund is a 5 cent property tax levy, which is expected to generate \$75,461 combined with \$250 interest for a total of \$75,711 in FY2017.

\$20,000 is budgeted for transfer to Fund 055, to help retire the debt incurred by 2001 Highway G.O. Bond issue. Upon retirement of this SRF issue, the 5 cent debt levy is contemplated to be fully dedicated to retiring the Highway General Obligation bonds.

Fund Balance on Apr 1, 2015 was \$94,031.

During Fy2006, these bonds were re-financed, lowering the net interest cost to 3.9% from 4.99%, called the 2005 Bond Issue.

During Fy2015, (August , 2014), voters approved a refunding of the 2005 and issuing an additional \$5,250,000 to extend the Shoppes at Kearney Road (Watson Drive) south to 19<sup>th</sup> Street, and widen West 19<sup>th</sup> Street to three lanes.

The \$9,290,000 Refunding (4,060,000) and New Financing (5,320,000) was completed on February 2<sup>nd</sup>, with Ordinance No. 1275-2015, being sold at competitive bid to FTN Financial Capital Markets at a True Interest Cost (TIC) of 2.108763%, which also produced a Net Present Value (NPV) savings of

\$357,875.52 on the Refunding of the 2005 Bond Issue. The Bond Issue runs fourteen (14) years and its final maturity is 1/31/29

To finance this debt, it was assumed that the Capital Improvements Sales Tax would grow at an annual rate of 1%, the 5 Cent Debt Levy will remain in force, with \$20,000 annual transfers from the W&S G.O. Bond Fund (the location of the 5 cent G.O. Debt levy accounting) and upon retirement of the 1997 W&S G.O. SRF, the full amount of the 5-cent levy will be dedicated to retirement of the 2015 G.O. Bonds) with contributions from the Sales Tax Fund making up the difference.

In 2013, the City obtained its first bond rating from Moody’s Investor Service. Moody’s assigned an “A1” Rating on the City’s outstanding 2001/2005 Highway Construction General Obligation Bonds. The A1 rating was reissued by Moody’s 1 for the new, 2015 Street Bond Issue.

This fund was created pursuant to Resolution 26-2009, adopted by the Board on September 21, 2009, to authorize a funding agreement with Star Acquisitions, LLC to reimburse the City for administrative, legal, plan analysis and consultation expenses relative to the Shoppes at Kearney TIF redevelopment plan application. The TIF plan was ultimately approved by Ordinance No. 1126-2010 on January 19, 2010.

On November 5, 2012, the Board of Aldermen approved Ordinance No. 1205-2012, authorizing Mayor Dane to sign a development agreement with Star Acquisitions, Inc. On December 31, 2012, Star Acquisitions, Inc. acquired property for development of Shoppes at Kearney pursuant to the TIF Plan dated January 19, 2010, and the Redevelopment Agreement, dated November 6, 2012.
